## Notice to Parents of school children

Date : 28 Feb 2017

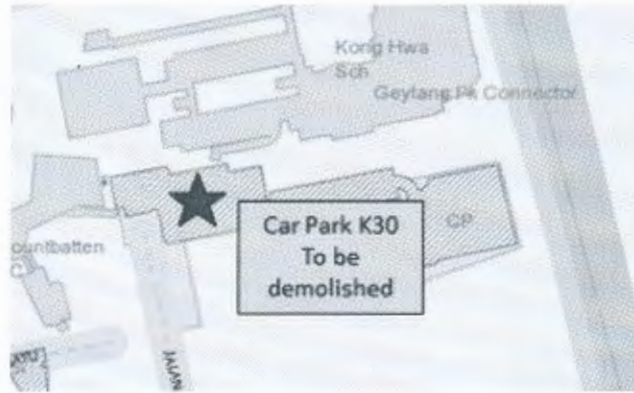

Our Ref : BGE 40-07-0015/2017

Parents of school children and Motorists

### **Notice of closure and demolition of HDB surface Car park K30, located along Jalan Satu**

Dear Parents and Motorists

We would like to update you that the surface car park K30 located along Jalan Satu would be demolished in mid-Mar 2017 for the impending Build-To-Order (BTO) development at the site.

The demolition works at K30 will commence in mid-March 2017 and should finish by end 2Q2017. M/s Surbana Jurong Consultants Pte Ltd & M/s Meizhuan Builders Pte Ltd are HDB's appointed consultant & contractor for the demolition of the car park.

The preparation of site and construction of BTO would proceed following the demolition of the car park.

Following the closure of K30, parents and motorists who wish to continue utilising the parking facilities at the vicinity can continue to park at alternative nearby surface car parks K28 and MSCP KM2 (please refer to Annex A for the locations of these alternative car parks).

Due to the nature of the demolition works, some noise would be generated. Measures will be taken to keep it to the minimum. The contractor will stop noise activity at around 5pm whenever possible.

Should you require any clarifications during the period of the demolition works, you may contact Project Manager Mr Richard Goh at HP: 97578570 (HDB's appointed consultant).
