Semester 2

Name: _____ ()

Class: P1/ _____

30 June 2017

Dear Parents/ Guardians,

Assessment is an important aspect of learning and teaching and it is used to support the holistic development of the students. Holistic assessment in our context refers to the ongoing gathering of information on different facets of the students' learning from various sources, with the aim of providing feedback to support their development. For parents, holistic assessment enables you to have a clearer idea on your child's learning.

The conduct of bite-sized assessment in Primary One serves as a continuous effort to help build the students' confidence and desire to learn.

Below is a summary of the assessment modes and weightings of English, Chinese and Mathematics in Semester 2 for your information.
