Dear Parents and Guardians,

Removal of Mid-Year Examination in Primary 3 and Primary 5

In an effort to move away from an overemphasis on academic results and to help students discover the joy of learning, the school will remove the mid-year examination in Primary 3 and Primary 5 with effect from this year.

School will continue to monitor students' learning through weighted mini bite-sized tests and provide feedback for learning. In addition, the teachers will continue to use formative assessment strategies through checkpoints during class discussions, class work and assignments to gather information on students' learning progress and address learning gaps.

The removal of the mid-year examinations in Primary 3 and Primary 5 will allow the students more time and space to adjust to new subjects and higher content rigour. Students can also better pace their learning during these "transition years". With the freed up time, we hope that students will have more time to pursue their other interests.

Yours sincerely,

Mrs Cheong Ye Ling
Principal
